LEARNING IN ACTION...

Year 1

In my vegetable
soup there were
peeled orange
carrots, yucca
onions and potato
that were
hard to cut
I did not like
it because it was
really hot

In my vegetable soup
there were cauliflower and
small peas I did not
like my mum's soup.
My mum did not like
my gross soup. I was
if
stirring it.

In Year 1 we have been making vegetable soup. On Thursday we were given the exciting task of trying different vegetables and soup. On Friday we got to make the soup. Everyone had a go at peeling and chopping. We were all very eager to try our soup, even if some of us didn't like it! Well done Year 1 for being brave and trying everything last week.

LEARNING IN ACTION...

Year 3

This week in Science, Year 3 have been investigating soil! We looked at different types of soil and their properties. We looked at our own soil samples to try and work out the type of soil they were.

We also thought about what it looked like, what it smelt like and how much water it held.

DE Mission Assignment: Explore different types of soil
